

ICAP PROJECT – FINAL MEETING	
Operative Program	Interreg V-A Italien-Österreich 2014-2020
Projektnummer	ITAT1010
Place	MCT-Material Center Tirol, Uni Innsbruck Technikerstr. 13, 5.Stock A-6020 Innsbruck
Contact	Dr. Georg Strauss, m: ++43 664 255 4847 Email: georg.strauss@uibk.ac.at
Date	Fr. 28-06-2019, 10:00 to 14:00

AGENDA

- 09:30 to 10:00: Welcome and coffee
- 10:00 to 10:40: Functional coatings on wood-based materials using PVD and atmospheric plasma
Judith Sinic – W3C-Kompetenzzentrum Holz, St. Veit an der Glan, A
- 10:40 to 11:20: Activation of surfaces: A comparison between vacuum and atmospheric plasma performances
Giuseppe da Corta – Certottica SCRL, Longarone, IT
- 11:20 to 11:40: Coffee break
- 11:40 to 12:20: Innovative atmospheric plasma jet using a double frequency electrical discharge sustain
Alessandro Patelli - University of Padua, Padua, IT
- 12:20 to 13:00: Virtual Magnetron Sputtering - an approach to stabilise magnetic PVD processes
Franz Ferdinand Locker – University of Innsbruck, Institute of Construction and Material Technology, Innsbruck, A
- 13:00 to 13:10: Closing remarks
- 13:10 to 14:00: Lunch time
